What is the IdahoVINE program?

IdahoVINE stands for Victim Information and Notification Everyday. The IdahoVINE program is a free, automated hotline that provides crime victims with vital information and notification 24 hours a day, 365 days a year. This service will allow you to obtain offender information and to register for notification of a change in offender status, such as offender release.

What does the IdahoVINE program provide?

- 1 ■ Confirmation of the custody status of Idaho criminal offenders.**

IdahoVINE monitors the custody status of criminal offenders in the Idaho Department of Correction and county jail facilities. IdahoVINE will tell you if an offender is in custody and will give you the name of the custodial agency. If available, IdahoVINE will give you the parole eligibility date and sentence expiration date of state prison inmates.
- 2 ■ The ability to register to receive automatic notification upon a change in custody.**

IdahoVINE tracks the custody status of offenders in the state of Idaho. If you register a telephone number or e-mail address, IdahoVINE will automatically notify you if the offender is released, transferred, or escapes.
- 3 ■ Information on additional crime victim service agencies in Idaho.**

IdahoVINE provides a listing of several state crime victim services. A short description and telephone number is available for each.

How Do I Use IdahoVINE?

Call the IdahoVINE Hotline at 1-866-9VINE-ID or visit www.vinelink.com.

By calling the IdahoVINE Hotline, you may locate an offender using basic information such as the offender's name, county booking number or Idaho Department of Correction (IDOC) number. Live operator assistance is available in over 200 languages.

How Do I Register with IdahoVINE?

Once an offender is located, if the offender is in custody, IdahoVINE gives you the option of registering for notification.

- To receive notifications by phone, when prompted, enter a telephone number and a four-digit PIN. You can also register by going to www.vinelink.com.
- To receive notifications by e-mail, press zero for assistance from an operator or visit www.vinelink.com.

You may register more than one telephone number and/or e-mail address. The same PIN can be used for each phone registration, but be sure that individuals who may be answering a registered phone know the PIN so they can stop the notification call. For your safety, if the PIN is not entered, the service will continue to call.

If you have any difficulty locating an offender or registering for notification, simply call the IdahoVINE Hotline at 1-866-9VINE-ID and press zero for operator assistance.
